

## Fast Food

Die folgenden Grooves sind Fast Food der feinen Sorte und perfekt geeignet für schnelle Songs. Sobald der HiHat-Arm bei zu schnellen 8teln schlapp macht, hilft der Umstieg auf die 4tel HiHat.

*The following grooves are fast food of the premium kind. As soon as 8th notes get too fast and your HiHat arm conks out, switching to 4er notes gives you the power boost to keep up the pace.*
