

Synkopierte 8tel Bass Drums Syncopated 8th Notes Bass Drums

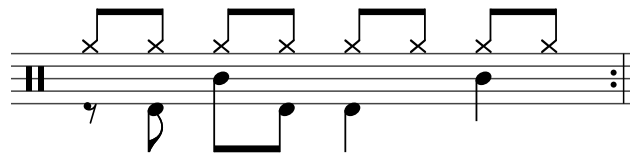

Ähnlich zu synkopierten Snares handelt es sich bei synkopierten Bass Drums um verschobene Hauptschläge; im Falle der Bass Drum also weg von der Zählzeit 1.

Similar to syncopated snares, syncopated bass drums are shifted main beats; in the case of the bass drum, away from beat 1.

Die meisten Grooves mit synkopierter Bass Drums klingen am Anfang ungewohnt, sogar falsch, ergeben aber nach mehrmaligem Spielen und im Zusammenhang mit der übrigen Musik durchaus Sinn. Achte auf das Zusammenspiel von Bass und Bass Drum!

Most grooves with syncopated bass drums sound unusual at the beginning, maybe even wrong. But they make more sense after playing them several times and in the context of the rest of the music. Pay attention to the interaction of bass and bass drum!
