Quarter-Rock

Spiele diese Grooves auch zu den Punk und Rock JamTracks!

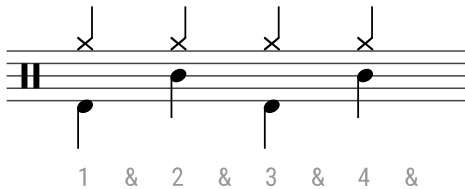

Also play these grooves along the Punk and Rock JamTracks!

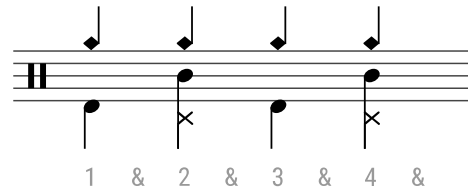

Dieser Groove ist mit dem "Money-Beat" verwandt. Ride-Becken oder Hi-Hat spielen nun keine 8tel Noten mehr, sondern 4tel. Dieser Beat ist besonders für schnellere Songs interessant, bei denen eine 8tel-Bewegung in Ride oder Hi-Hat zu hektisch oder zu anstrengend wäre. Häufig zu finden sind 4tel Hi-Hat Grooves in den Stilen Hard-Rock, Heavy-Metal oder Punk-Rock, aber auch „ruhigeren“ Genres wie Folk oder Country.

This groove is related to the „money beat“, but Ride Cymbal or Hi-Hat now play 8th notes instead of 4er notes. This beat is especially interesting for faster songs where an 8th note movement in Ride or Hi-Hat would be too hectic or too tiring. You can often find 4th note Hi-Hat grooves in the styles of hard rock, heavy metal or punk rock, but also „quieter“ genres like folk or country.
